

HellermannTyton

Cable Management & Identification Solutions

Innovative solutions for the toughest cable management challenges.

MADE FOR REAL 

BUNDLE AND SECURE

HellermannTyton's innovative solutions for bundling and securing wires, cables and hoses are designed for high performance and durability. From high-heat and heavy duty cable ties, to hose clamps and edge clips, we offer a comprehensive variety for every application and environment.

Cable Ties

Available in specialized, high-performance materials, HellermannTyton cable ties come in a variety of sizes to accommodate wire and cable bundles in a range of applications. Choose from high heat and UV resistant nylons and stainless steel materials.

Standard Cable Ties

Heavy Duty Cable Ties

Outside Serrated Cable Ties

PAEK/PEEK/PVDF Ties

Stainless Steel Ties

Releasable Ties

Aerial Support Ties

Low Profile Tie

Self-Affixing Ties

Cable ties with an integrated mount offer fast and secure bundling. Choose from a wide variety of mounting styles, including edge clips, fir trees and button heads, for mounting to tubular frames and flat panels.

Edge Clip and Cable Tie Assemblies

Cable Tie with Fir Tree Mount Assemblies

Cable Ties with Fir Tree Mounts

Arrowhead Mount Ties

Low Profile Tie Assemblies

Stud Mount Ties

Buttonhead Ties

Cable Tie Mounts

Mounting bases and cable tie mounts offer endless options to secure and route cable and wire bundles on a variety of surfaces.

FlexTack Adhesive Mounts

High Strength Adhesive Mounts

Screw Mounting Bases

Heavy Duty Mounts

Bundle Separators

Install between two cables or bundles to separate and prevent abrasion and wear.

MOC and LOC Routing Clips and Clamps

Double Head Ties

Dual Clamp Ties

Dual Swivel Saddle Spacers

Clips and Clamps

Choose from a wide range of clips and clamps to route and secure flat and round wires, cables and hoses, including edge , clips for routing along flat edges

Metal Edge Clips

LOC Clamps

Snapper Hose Clamps

Ratchet Clamps

HellermannTyton invented the popular Ratchet Clamp family, which adjust to a range of bundle sizes. Once mounted, they can be reopened without removing the clamp or the bundle.

Ratchet P-Clamp

Inline Ratchet Clamp

Bolt Mount Ratchet Clamp

Stud Mount Ratchet Clamp

CABLE TIE TOOLS

HellermannTyton's innovative manual, pneumatic and automatic tool systems are designed to reduce installation times and labor costs while minimizing associated hand injuries.

Cable Tie Tools

EVO[®] Series manual tools are designed to be the most ergonomic tools on the market. Pneumatic and automatic systems integrate easily into high-volume and assembly line applications.

EVO 7 and EVO 9

CPK Hybrid

MARK 7 and 9

EVO Cut

METAL CONTENT PRODUCTS

Metal content in the plastic and standard blue color assist with machine-aided and visual detection to reduce the risk of contamination. These products are ideal for food-processing machines and related environments.

Metal Content Products

Bundle, secure, route, protect and identify while reducing risk in contamination-averse industries like food, pharma and beverage processing.

ROUTING, PROTECTION & INSULATION

HellermannTyton offers a wide variety of cable protection methods and systems providing varying degrees of protection against debris, liquids, abrasion, puncture and extreme temperatures. Manufactured using advanced materials to withstand heat, UV light, vibration and chemical exposure, our protection solutions offer superior performance and flexibility with minimal weight.

Braided Sleeving

From expandable and wrap-style sleeving to hook-and-loop closure options, HellermannTyton braided sleeving provides flexible, lightweight cable protection. Specialty sleeving materials protect against extreme temperatures, flames and cables and hoses, including edge

Split Wrap

Twist-in Rodent Repellent Wrap

Expandable Sleeving

High-Temp Resin Fiberglass

HelaGuard Flexible Conduit & Fittings

Comprehensive and versatile system includes flexible conduit, tubing, fittings and accessories that work together to provide flexible protection of wires and cables from liquids, dirt, UV light and more.

Compression Fittings

Nylon Corrugated Conduit

Liquid-tight Nylon Fittings

Conduit Clips

Flexible Cable Protection

Flexible, semi-rigid materials route bundles and provide protection from abrasion, vibration, movement, pinching and sharp edges.

Helawrap

Spiralwrap

Convuluted Tubing

Grommet Edging

Surface Raceway

Aesthetically appealing and highly functional, HellermannTyton's non-metallic surface raceway is used for low-voltage and power-rated applications. A unique "living hinge" on the surface raceway allows a secure closure and protection, with the added ability to open for rework without causing stress cracking.

Power Rated Raceway

Low-Voltage Raceway

Wiring Duct

With a broad range of sizes, HellermannTyton's wiring duct line features smooth edges and multiple score lines that allow for safe and effortless finger break outs; non-slip, write-on covers that remain secure even in high-vibration applications; rigid or flexible options; and external width dimensions for ease of specification.

Insulation and Installation Products

Offered in a range of colors, diameters, wall thicknesses and shrink ratios, heat shrink tubing provides dependable and secure protection for wire and cable splices. PVC electrical tapes insulate and identify wires. Helacon wire connectors offer push-in wire simplicity.

IDENTIFICATION

Print and label electrical, data and automation equipment with confidence. HellermannTyton provides high-performance solutions that save time and help meet industry codes and standards.

Labels and Markers

Identify high-density fiber or copper cables or color-code your infrastructure components. HellermannTyton makes label products that perform reliably indoors or out.

Tip Tag

Fiber Optic Cable Markers

Thermal Transfer Labels

Printers and Software

HellermannTyton thermal transfer printing systems, label design software and mobile apps enable easy, long-lasting labeling to help meet codes and standards. TagPrint® Pro's built-in print automation lets users create error-free labels in a fraction of the time.
